Re: Benjamin's Bar Mitzvah

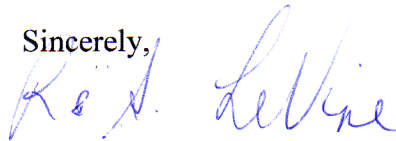

Jon:

We are so glad we hired you to perform at our son Benjamin's Bar Mitzvah reception. Everyone who attended had a great time. We got nothing but compliments from everyone. Even the most jaded friends and family were impressed. Nothing was left out. The motzi. Dancing the hora. The line dances that people expect at these parties. All that on top of the murder mystery!

Moreover, since the party Benjamin's friends have raved to their parents about what a great time they had. One Mom said that her son has not stopped talking about it 2 weeks later. Another Mom asked us for your contact information because she is thinking of hiring you for her younger daughter's reception – based totally on what her daughter had to say about it.

We were nervous about doing something different than most people do (just hiring a DJ company). But we were wrong to be afraid. Your entertainment at our party has been the talk of the town. Thank you for making this such a memorable event for so many people – especially for Benjamin.

Sincerely,

Richard and Stacey LeVine
